

WATER
IS NOT ONLY FOR DRINKING

GLOBE WELL
Environmental Solutions
Since 2000

Who we are?

Globe well dedicated itself to be the leading warehouse and stores in the Middle East area for all water treatment mechanisms and fixtures.

Vision and mission:

Our Mission is to provide customers with EXCEPTIONAL VALUE for their hard earned money. We have been in the Water Conditioning Manufacturing & Distribution Business in Egypt since 1998. We believe our longevity is a testament to our singular focus on value creation by efficiently delivering Innovative, High Quality Products - all backed with Expert Support. Globe well 20 years of Innovation, Quality, Efficiency ... and Growth!

Why choose one of...

... OUR WHOLE HOUSE WATER TREATMENT SYSTEMS?

We use only the highest quality heavy duty filter housings with large diameter inlet and outlet for less pressure drop and better flow dynamics

We use standard filter sizes so you will always be able to obtain replacement filters for your system.

We use filters with much greater surface area and dirt-holding capacity to maximize contaminant removal, improve water pressure and flow characteristics, and extend filter life so you have less maintenance to do.

- Our system provides crystal clear, bacteria free drinking water to your whole house
- Our system Manufactured by using the highest quality components.
- Our system Ideal to treat city water, rain water, ground water, lake, stream, well or bore water applications.
- Our system powerful Hi Output UV sterilizing lamp that has a 365-day life to safeguard against water borne diseases, bacteria, E. coli, Giardia and Crypto.
- Our systems are offered with a great pricing on system packages as well as all replacement filters – (guaranteed best prices for units and all replacement filters).

Our Services

WHOLE HOUSE - WATER PURIFICATION SYSTEM don't add any chemicals to kill viruses and bacteria, just natural ultraviolet light like the sun

WHOLEHOUSE - Water purification system's custom filtration system can even remove the hard-to-get chemical contaminants.

WHOLE HOUSE - WATER PURIFICATION SYSTEM'S custom compact, modular design allows flexibility for almost any type of application, such as homes, business, hotels, offices, laboratories, - even water coolers- anywhere pure water needed.
